

A COMBINATION OF ART & FUNCTIONALITY

THE BENEFITS OF ELECTRIC FIREPLACES

Electric fireplaces offer similar benefits that you get from a traditional fireplace, with some added perks...

Comforting Effects

Studies show that fireplaces promote relaxation and have an overall calming effect

Zero Emissions

Offers a sustainable heating solution as they require a small amount of electricity to operate and produce zero emissions

Simple & Flexible Installations

Can be simply hung on the wall or recessed for flush finishing allowing for versatile installation locations like a bedroom, home office or gym

Aesthetically Enhancing

Create a calming and relaxing focal point for your living room, bedroom or zen space

Cost-Effective

Require little to no construction to install and cost as low as pennies a day to operate

Year-Round Enjoyment

Can operate with the heat turned off to boost ambiance no matter the season

Low Maintenance

Long-lasting LED lighting requires minimal maintenance

Easy to Operate

Included handheld remote conveniently controls the flame and media colors, brightness, speed, heat output and more
